

VINTAGE AND HISTORIC DRIVER'S SCHOOL **Friday, March 17th, 2023. @ 8:00AM** **Wooton Park, Tavares Fl.**

FVRC will be offering a Vintage & Historic (V&H) Driver School for new and experienced drivers. Designed to educate and prepare both new and experienced drivers, "Ground School" will begin that morning and will be followed by water training and laps throughout the weekend in one of the club's trainers (or your own boat) under the supervision of your instructors.

Become familiar with the Vintage and Historic concepts and regulations, get to know the equipment, the APBA regulations by which we operate, drivers' etiquette, and much more. Experience first-hand the thrill of rounding the course's turns at controlled speeds. Both outboards and inboards will be addressed, the differences associated with both defined, and each student will have the opportunity to drive one or the other.

Of special note, there'll be a rare opportunity to quiz and interact with a cadre of world-class drivers for their experiences and tutelage.

Seats are limited, so sign up immediately for this unique and invigorating experience. One will graduate with confidence (both on and off the course), an understanding of Vintage & Historic flybys, and a respect for the history we share.

Marv Hart – Lead Instructor
Jeff Buckley – Instructor/V&H Chairman
